

## SUBJECT INDEX

- Anaesthesia. Intracranial pressure during general 18  
 Anæsthesiology Centre Copenhagen ..... 93  
 Arrest. Controlled — of isolated perfused rabbit hearts ..... 43  
 Autopsy findings in a child with infantile spasms and hypsarrhythmia ..... 128
- Balsams. Eczematous allergy to —, perfumes and flavouring agents ..... 143  
 Barbiturate poisoning. The significance of megitimide in the treatment of — ..... 33  
 Bladder. Treatment of diverticula of the — .... 148  
 Blocking agents. Is the use of neuromuscular — contraindicated in "poor risk" patients? .... 37  
 Bronchoscopic aspiration or tracheobronchial toilet as final procedure after thoracotomy .. 158
- Cæcum. Volvulus of the — ..... 30  
 Cause of death. Steroid therapy as a — ..... 25  
 Cholinesterase. Effect of sialidase on the electrophoretic properties of human serum — ..... 28  
 Chromatography. Analysis of unesterified fatty acids by gas liquid — ..... 166  
 —. Gas liquid — applied as a control for methylation processes ..... 169
- Clearance. Phosphate — and tubular reabsorption of phosphate in patients with hyperthyroidism and hypothyroidism ..... 72  
 —. Phosphate — and tubular reabsorption of phosphate in patients with parathyroid disorders and renal failure ..... 65
- Corium. Histopathology of the — in osteogenesis imperfecta ..... 131  
 Carcinoma. Primary — of the duodenum ..... 107  
 —. On resectability of — of the stomach .... 126  
 Cysteamine in treatment of dysproteinaemia with Raynaud's syndrome ..... 109
- Denmark. The sickness survey of — ..... 56  
 —. Medico-statistical information from — for the years 1959 and 1960 ..... 171
- Diabetic mothers. Hyperglycemia as the cause of characteristic features of the foetus and newborn of — ..... 78
- Diverticula. Treatment of — of the bladder .... 148
- D-tubocurarine. On the use of — during fluothane anaesthesia ..... 154
- Duodenum. Primary carcinoma of the — ..... 107
- Dysproteinaemia. Cysteamine in treatment of — with Raynaud's syndrome ..... 109
- Eczematous allergy to balsams, perfumes and flavouring agents ..... 143
- Electrophoretic. Effect of sialidase on the — properties of human serum cholinesterase .. 28
- Ethanol. Treatment of methanol and — poisoning with hemodialysis ..... 103
- Excretion. Urinary — of pituitary gonadotrophins during lactation ..... 145
- Fatty acids. Analysis of unesterified — by gas liquid chromatography ..... 166
- Flavouring agents. Eczematous allergy to balsams, perfumes and — ..... 143
- Fluothane anaesthesia. On the use of d-tubocurarine during — ..... 154
- Foetus. Hyperglycemia as the cause of characteristic features of the — and newborn of diabetic mothers ..... 78
- Gallstone ileus ..... 84
- Gas liquid chromatography. Analysis of unesterified fatty acids by — ..... 166
- Gas liquid chromatography applied as a control for methylation processes ..... 169
- Gastroenteropathy. Protein-losing — ..... 1
- Gastric tumours of neurogenic origin ..... 121
- Glutamic-pyruvic-transaminase. Serum — in infectious mononucleosis ..... 40
- Gonadotrophins. Urinary excretion of pituitary — during lactation ..... 145
- Haemorrhage. Suprarenal — in newly born infants ..... 97
- Haemorrhagic lesions. Pigment changes in the lumbar fluid as a diagnostic aid in intracranial — ..... 47
- Hemodialysis. Treatment of methanol and ethanol poisoning with — ..... 103
- Hearts. Controlled arrest of isolated perfused rabbit — ..... 43
- Histopathology of the corium in osteogenesis imperfecta ..... 131
- Hyperthyroidism. Phosphate clearance and tubular reabsorption of phosphate in patients with — and hypothyroidism ..... 72
- Hyperglycemia as the cause of characteristic features of the foetus and newborn of diabetic mothers ..... 78
- Hypothyroidism. Phosphate clearance and tubular reabsorption of phosphate in patients with hyperthyroidism and — ..... 72
- Hypsarrhythmia. Autopsy findings in a child with infantile spasms and — ..... 128
- Human serum. Preparation of — in liquid form for infusion ..... 50
- Ileus. Gallstone — ..... 84
- Infants. Suprarenal haemorrhage in newly born — ..... 97
- Infantile spasms. Autopsy findings in a child with — and hypsarrhythmia ..... 128

Intracranial. Pigment changes in the lumbar fluid as a diagnostic aid in — haemorrhagic lesions .....	47	Pigment changes in the lumbar fluid as a diagnostic aid in intracranial haemorrhagic lesions .....	47
— pressure during general anaesthesia ....	18	Poisoning. Treatment of methanol and ethanol — with hemodialysis .....	103
Lactation. Urinary excretion of pituitary gonadotrophins during — .....	145	“Poor risk” patients. Is the use of neuromuscular blocking agents contraindicated in —?	
Lumbar fluid. Pigment changes in the — as a diagnostic aid in intracranial haemorrhagic lesions .....	47	Precocious sexual development .....	140
Lupus erythematosus disseminatus. A new sero-reaction for — .....	135	Preparation of human serum in liquid form for infusion .....	50
Meningitis. <i>Salmonella typhi-murium</i> — in a newborn infant .....	89	Protein-losing gastroenteropathy .....	1
Methanol. Treatment of — and ethanol poisoning with hemodialysis .....	103	Raynaud. Cysteamine in treatment of dysproteinaemia with —’s syndrome .....	109
Methylation processes. Gas liquid chromatography applied as a control for — .....	169	Respiratory. Evaluation of — failure — therapeutic consequences .....	115
Medico-statistical information from Denmark for the years 1959 and 1960 .....	171	Renal failure. Phosphate clearance and tubular reabsorption of phosphate in patients with parathyroid disorders and — .....	65
Megimide. The significance of — in the treatment of barbiturate poisoning .....	33	<i>Salmonella typhi-murium</i> meningitis in a newborn infant .....	89
Mononucleosis. Serum glutamic-pyruvic-transaminase in infectious — .....	40	Seroreaction. A new — for lupus erythematosus disseminatus .....	135
Moniliasis of the oesophagus diagnosed radiologically .....	163	Sexual. Precocious — development .....	140
Neuromuscular. Is the use of — blocking agents contraindicated in “poor risk” patients? ....	37	Sialidase. Effect of — on the electrophoretic properties of human serum cholinesterase .....	28
Neurogenic. Gastric tumours of — origin .....	121	Sickness survey. The — of Denmark .....	56
Newborn. <i>Salmonella typhi-murium</i> meningitis in a — infant .....	89	Steroid therapy as a cause of death .....	25
— . Hyperglycemia as the cause of characteristic features of the foetus and — of diabetic mothers .....	78	Stomach. On resectability of carcinoma of the —	126
Oesophagus. Moniliasis of the — diagnosed radiologically .....	163	Suprarenal haemorrhage in newly born infants	97
Osteogenesis imperfecta. Histopathology of the corium in — .....	131	Therapy. Steroid — as a cause of death .....	25
Parathyroid. Phosphate clearance and tubular reabsorption of phosphate in patients with — disorders and renal failure .....	65	Therapeutic consequences. Evaluation of respiratory failure — .....	115
Perfused. Controlled arrest of isolated — rabbit hearts .....	43	Thoracotomy. Bronchoscopic aspiration or tracheobronchial toilet as final procedure after —	158
Perfumes. Eczematous allergy to balsams, — and flavouring agents .....	143	Tracheobronchial toilet. Bronchoscopic aspiration or — as final procedure after thoracotomy ..	158
Phosphate clearance and tubular reabsorption of phosphate in patients with parathyroid disorders and renal failure .....	65	Treatment of diverticula of the bladder .....	148
— clearance and tubular reabsorption of phosphate in patients with hyperthyroidism and hypothyroidism .....	72	— of methanol and ethanol poisoning with hemodialysis .....	103
		— . The significance of megimide in the — of barbiturate poisoning .....	33
		Tubular. Phosphate clearance and — reabsorption of phosphate in patients with parathyroid disorders and renal failure .....	66
		— . Phosphate clearance and — reabsorption of phosphate in patients with hyperthyroidism and hypothyroidism .....	72
		Tumours. Gastric — of neurogenic origin .....	121
		Vacuum extractor. Clinical experience with the —	11
		Volvulus of the caecum .....	30
